School Name: MITCHELL HIGH SCHOOL

STW Coordinator: Lyn Bamford

	School Initiative
Key Result Area connection (background)	• Extension of the "Mitchell African Project" implemented in 2007 which provided refugee students with opportunities through a series of workshops on health and nutrition. The 2008 program will be linked to the state key result area Exploring Careers Futures
Initiative outline	• To provide refugee students opportunities to explore careers and to visit a variety of employment fields to enhance their career knowledge and understanding
Who supports and organises implementation?	• School to Work Coordinator • School to Work Team
Highlight student and/or school outcomes	• Increase student knowledge and understanding of career choices and opportunities • Increase student confidence to source career options
2008 Enhancements	• Develop local community partnerships to provide site visits • Provide refugee students with individual interviews • Develop career profile for each student
2008 Financial allocation being applied for (budget)	• 3 days teacher relief for developing community partnerships, interviewing students and developing individual career path plans • **$840**
